

Rushikesh Mahulkar

Software Developer — Computer Science Graduate

+91-9022172315 — mahulkarrushi0@gmail.com — linkedin.com/in/rushikesh-mahulkar

Professional Summary

Computer Science graduate with hands-on experience in Java, full-stack web development, and AI-based applications. Strong foundation in object-oriented programming, REST APIs, and database management. Passionate about building scalable backend systems and intelligent applications.

Education

Prof Ram Meghe Institute of Technology and Research	Nov 2022 – Jun 2025
Bachelor of Engineering (B.E.) in Computer Science Engineering	CGPA: 8.79
Government College of Polytechnic, Yavatmal	Nov 2019 – Jun 2022
Diploma in Computer Science	Percentage: 75%

Technical Skills

- **Languages:** Java, Python, Android
- **Web Technologies:** HTML, CSS, JavaScript, React, Bootstrap (Basics), PHP
- **Database:** MySQL, MongoDB, PostgreSQL
- **Tools & Platforms:** VS Code, Android Studio, GitHub, Eclipse, IntelliJ IDEA
- **Concepts:** Object-Oriented Programming (OOP), Data Structures, REST APIs (Basics)
- **Soft Skills:** Self Learning, Teamwork, Communication, Leadership, Time Management

Certifications

- Web Development Certificate
- Java Programming Certification

Projects

Concise AI – AI-Based Document Summarization Tool	Nov 2024 – Apr 2025
<i>Python, Flask, MySQL</i>	
• Developed AI summarization system handling 50+ pages documents with improved response efficiency • Implemented BART Transformer model to generate context-aware summaries with improved accuracy • Designed REST-based backend using Flask and integrated MySQL for document storage • Focused on improving performance and reducing processing time for large documents • Optimized processing pipeline to handle large documents efficiently	
AvionAI – Bird Species Prediction Application	Jun 2024 – Jan 2025
<i>HTML, CSS, JavaScript, Gemini API</i>	
• Led development of an AI-based bird species prediction web application • Integrated Gemini API for intelligent image-based species detection • Implemented chatbot functionality and community forum using Supabase backend services • Managed backend integration and database connectivity to store user data securely and efficiently • Designed responsive UI using HTML, CSS, and JavaScript	

Area of Interest

Backend Development — Artificial Intelligence — Cloud Computing — Android App Development
